Dear All,

We have great pleasure to invite you and your colleagues and friends of our fraternity to attend the above programme, celebrating the Birth Anniversary of our Great Guru - Dr. S.R. Ranganathan !

The event will consist of 10-15 minutes of speeches/narrations by our professionals of the old & new generations, faculty members and students. Recollections reminiscing the direct association with Dr.Ranganathan by a few of our speakers will be a unique experience.

This will be a rare opportunity for the LIS students community to understand better and closer, the great architect of our discipline. It will be a refreshing experience for the Practicing Librarians !

Kindly treat this as our formal invitation.  
We look forward to your esteemed participation in the programme.

With Warm Regards
